

2/3-Meter Deck Level Stand

This versatile, mid-sized tower is a great choice for an aquatic facility that is limited on space.

- Made of carbon steel, coated with a primer and ready for a high-quality paint topcoat.
- Pair with an 8', 10' or 12' board to find the right size for your commercial diving pool.
- Platform tray has two sets of 6" slots for proper fulcrum placement and adjustment.
- Handrails are not included but are strongly recommended and are made of 1.90" OD, .065" wall stainless steel.
- Stand comes primed only – we recommend a high-quality acrylic urethane enamel for a durable finish.

Pairs with:

Frontier III Commercial

Swim Club

Olympian
