

WHISPERFLO®

HIGH PERFORMANCE PUMP

The industry standard by every measure.

We call it the WhisperFlo Pump for good reason. This innovative hydraulic design moves water more efficiently and more quietly than competitive pumps. Under typical operating conditions, the WhisperFlo Pump offers the highest water flow of any high performance pump. And, it's designed to be a tireless workhorse. The pump's engineered thermoplastic housing withstands extreme heat and resists corrosion. The commercial-grade motor frame has a stainless-steel motor shaft and sealed bearings that never need lubrication. Engineered to provide optimum performance in any size pool or pool and spa combination, the WhisperFlo Pump is built to last a lifetime and, as a result, has been the industry's top seller for years.
