

ColorSplash® XG Series

IN-GROUND LED POOL AND SPA LIGHTING FIXTURES

Product Datasheet

J&J's **Color Splash XG Series** is a multi-color LED pool and spa lighting fixture that brings **lighting integration** to the pool industry.

The **XG Series** light fixtures enable consumers to realize the full benefit of ColorSplash LED lighting by utilizing their existing automation systems. J&J's **XG Series operates effectively** with J&J's new **ColorSplash® XG Controller*** as well as popular automation systems such as Pentair® and Jandy® or your standard pool light wall switch. The **XG Series** light fixtures also synchronize with J&J's **LXG Series** replacement lamps.

With five solid color and seven lights shows, instantly transform any in-ground pool into a custom illuminated paradise. These LED Pool Light Fixtures offer the ideal ambiance for playing, relaxing or entertaining, while providing immediate energy cost savings.

Seven Light Shows

Five Solid Colors

Color Splash Advantages:

- \$9 a year to operate
- Uses only 33 watts - reduce energy use by 90% over incandescent
- Designed to produce optimum brightness in any size, shape or finish pool
- Five solid colors and seven shows - customizable experience

PERFORMANCE FEATURES

- Operates effectively with most pool automation Systems
- Heavy duty 316 Stainless Steel construction
- Synchronizes with J&J's ColorSplash® LXG Series Replacement Lamps
- Multiple lights synchronize for ease of use
- Advanced processor delivers seamless color transitions
- High Output LEDs optimize color saturation and light intensity
- LED Technology maximizes lifespan up to 50,000 hours
- Industry Leading 3-year limited warranty

**Systems need to be programmable to operate Intellibrite® 5G LED Color

ETL Listed. Compatible with most major manufacturers niches including SwimQuip®, Vinyl and Fiberglass pools.

Transform your backyard into a color rich paradise

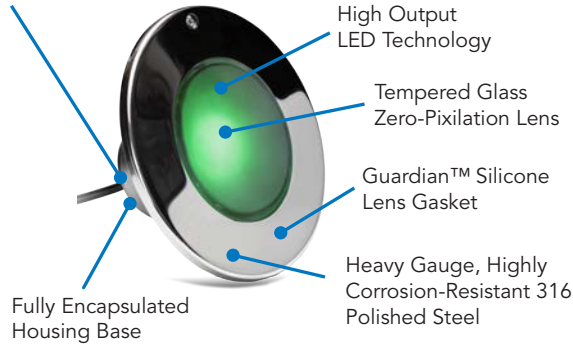

ColorSplash® XG Series
