

Dreading using your solar blanket?

STOP STRUGGLING!

The Pool Boy® Powered Reel System provides a fast and convenient way to uncover and cover your pool. The Pool Boy® design offers effortless operation by one person in under one minute. Eliminate hand cranking and tugging on solar blankets.

START RELAXING!

DOES THE INCONVENIENCE OF YOUR MANUAL REEL KEEP YOU FROM **SAVING UP TO \$1700** EVERY YEAR?

The first years energy cost savings is often greater than the cost of the Pool Boy® system.

Savings by Location* when solar covers are used regularly

LOCATION	SEASON	UNCOVERED	WITH SOLAR BLANKET	SAVINGS
Atlanta	Apr - Oct	\$1798	\$339	\$1459
New York	May - Sept.	\$1523	\$237	\$1286
Chicago	May - Sept.	\$1658	\$237	\$1,421
Denver	May - Aug.	\$1696	\$134	\$1562
Boston	May - Aug.	\$1677	\$262	\$1415
Minneapolis	Jun. - Sept.	\$1421	\$198	\$1223

* Figures based on outdoor pool heated to 80°F with an 80% efficient natural gas heater.

ADDITIONAL BENEFITS

- Energy cost decrease of up to 75%
- Conserve water
- Reduce the pool's chemical consumption

Your **POOL BOY®** can easily extend and retract with the push of a button!

THE REMOTE CONTROL MAKES IT EASY TO OPERATE!

At the heart of the Pool Boy® design is the remote operating system. The remote control is completely waterproof and floats.

POWERED REEL SYSTEM

Pool Boy® I

Each upright is fabricated from high strength aluminum and is powder coated to protect against corrosion.

This system includes the reel with adjustable stands, stand covers, transformer, remote control, tube kit (fits up to 20' wide pool), and a tether kit. The adjustable stands accommodate for different solar blanket lengths and thicknesses and can be lowered to fit under most diving boards.

EASY INSTALLATION!

- Pool Boy I and Pool Boy II plugs into a standard GFI protected outlet
- Pool Boy III does not need wires
- Doesn't need to be permanently mounted
- Tracks are not needed
- Use your existing solar blanket and straps

Pool Boy® II

Each upright is fabricated from steel and is e-coated and powder coated to protect against corrosion.

This system includes the reel, stand covers, transformer with remote control, tube kit (fits up to 20' wide pools) and a tether kit.

HOW IT WORKS...

The Pool Boy motor does all the work for you by winding and unwinding the cover from the reel. The tether kit attaches to the end of the cover allowing you to easily guide it across the water. The remote control makes it easy for one person to operate and works in both extension and retraction.

Pool Boy® III Battery Powered Reel System

Each upright is fabricated from steel and is e-coated and powder coated to protect against corrosion.

This system includes the reel, stand covers, remote control, tube kit (fits up to 20' wide pools) and a tether kit.

*Standard with 12 volt rechargeable battery and charger.
