brand.

**C** Class

## EASY-TO-USE. EASY-TO-MAINTAIN.

Dolphin commercial robots make maintaining your pool facility a breeze. Just plug-in, press power and go. When finished, just open, remove and rinse filters clean.

## ULTIMATE CLEANING TECHNOLOGY

There's a reason why Dolphin is the #1 selling robotic pool cleaner. Unlike competitor cleaners that use random patterns to clean the pool floor, Dolphins use CleverClean Smart Navigation to ensure complete pool coverage.

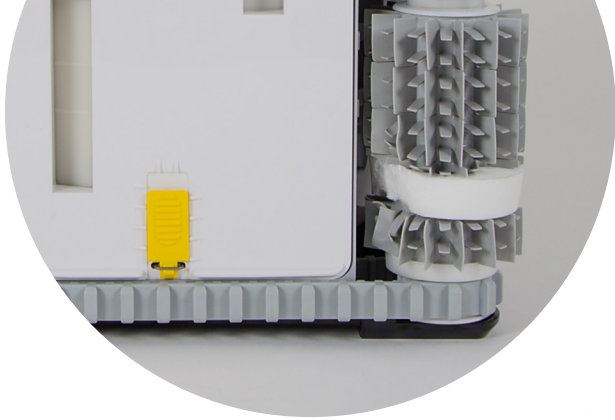

## BEST-IN-CLASS WARRANTY

The Dolphin C Class comes with a limited 2 year warranty covering parts and labor. The best protection of any robotic pool cleaner on the market. This ensures your pool is always clean.

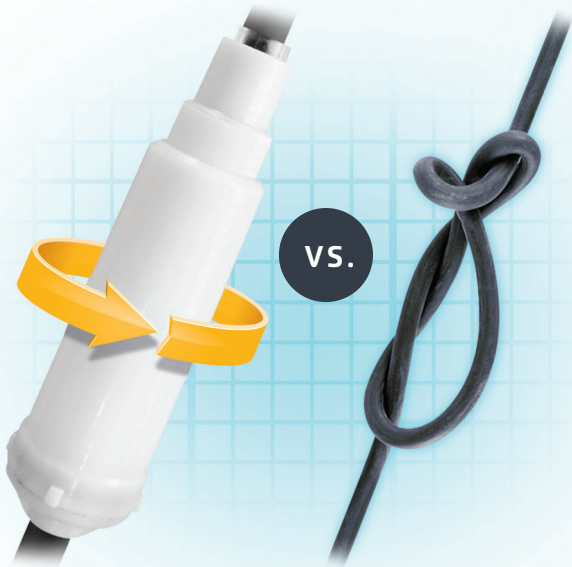

## Durable Tracks and Dual Scrubbing Brushes

Durable tracks and dual scrubbing brushes create the friction needed to remove leaves, dirt and debris on the floor - leaving your pool sparkling clean.

## Remote Control Included

Dirty pools are no match for a Dolphin. All Dolphin C Class robotic pool cleaners come with a remote control to spot clean any potential problem areas in your pool facility.

## No Tangling

Tired of lots of hoses and cables? Dolphins are "plug and play" and include the patented Dolphin Swivel technology that gets rid of tangling and ensures complete pool coverage.

## Large Capacity for Heavy Duty Dirt Collection

We keep your facilities clean and guests coming back. Our large capacity fine and ultra-fine filters ensure a clog-free operation that removes leaves, dirt, debris and algae.
