

# CASCADE

**HII** HOLLOWELL  
INDUSTRIES  
INCORPORATED

## Dare to Compare the Competitive Advantage

### 52" WALL WITH RUGGED, BAKED ENAMEL STEEL 7" TOP RAILS AND VERTICALS AND BEAUTIFUL RESIN TOP CONNECTORS.

- Cascade walls are made from heavier **copper bearing steel** than industry standards - 30 to 60 pounds heavier than the competition. Weigh the difference!
- **Steel verticals are up to 50% heavier** than the competitors. This ensures maximum stability.
- **Steel top rails** are made from 20 gauge steel and are sturdier than the competition – increasing the strength and lifetime performance of the pool.
- **Large, pre-punched skimmer and eyeball return openings** eliminate sharp edges that could cut the liner during installation.
- **Staggered bolt wall closure** provides maximum strength and wall stability.
- **Compac Supports** extend only 9 inches beyond the sidewall, not the standard 36 inches used by competitors. This accommodates larger pool models in smaller backyards.

#### Available Sizes:

**Round: 15', 18', 21', 24', 27'**

**Oval: 12' x 24', 16' x 32', 18' x 34'**

**MADE IN AMERICA BY H.I.I.**

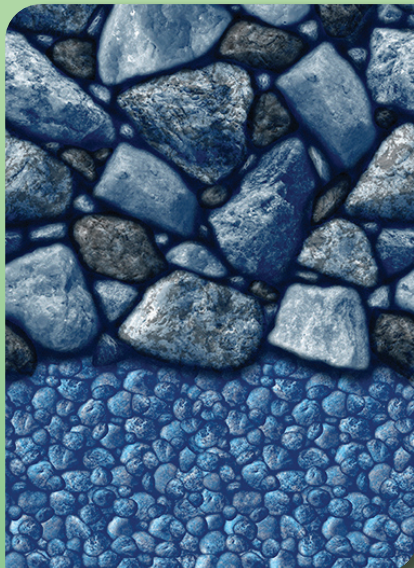

The manufacturer of Doughboy, Lomart & Embassy PoolCo  
for over 70 years

**IMPORTANT:** The "No Diving" and other Warning signage provided must be installed on each pool as indicated in the instructions provided.

*NOTE:* In some photos of the pools in the brochure (or web site), the "No Diving" and other Warning signage may not be visible, such Warning Signage must be installed as indicated in the instructions provided.
