Directions for use:

Clear

- 1. Apply **Clear** at recommended dosage rate per gallons of pool water across pool water surface, concentrating on deep water areas.
- 2. Using flip squirt cap, apply **Clear** directly onto surface until you reach suggested amount of ounces per gallons of water in your pool. (See measurement marks on side of bottle)
- 3. Run filter system continuously for at least six hours after application

Weekly Maintenance:

To enhance pool water clarity and appearance, treat with Clear once a week at the Standard Dosage. For home pools that get heavy use or for commercial pools, treat pool twice a week at Cloudy Water Dosage

Standard Dosage Rate: (no premixing required) 1oz (30ml) per 7000 gallons (26,500L) of pool water

Cloudy Water Dosage Rate: (no premixing required) 1oz (30ml) per 5000 gallons (19,000L)
