

**Directions for use:**

**Clear**

1. Apply **Clear** at recommended dosage rate per gallons of pool water across pool water surface, concentrating on deep water areas.
2. Using flip squirt cap, apply **Clear** directly onto surface until you reach suggested amount of ounces per gallons of water in your pool. (See measurement marks on side of bottle)
3. Run filter system continuously for at least six hours after application

***Weekly Maintenance:***

To enhance pool water clarity and appearance, treat with Clear once a week at the Standard Dosage. For home pools that get heavy use or for commercial pools, treat pool twice a week at Cloudy Water Dosage

***Standard Dosage Rate:*** (no premixing required)

1oz (30ml) per 7000 gallons (26,500L) of pool water

***Cloudy Water Dosage Rate:*** (no premixing required)

1oz (30ml) per 5000 gallons (19,000L)
