

DIY Gates' Measurements

All measurements are from center to center of the holes.

Center-of-Hole 2 1/2" Center-of-Hole 3" Center-of-Hole 32 5/8" Center-of-Hole 3" Center-of-Hole 2 1/2" Center-of-Hole

Holes' # 1 and 6 are for the sections of fence that will connect to the uprights.

Holes # 2, 3, 4, and 5 are for the uprights.

You will use 2 1/2" latches for the connection between the uprights and the sections of fence.

The total distance between holes # 2 and 5 is 38 5/8" This is the total for the gate uprights at their outermost point.

5/8" bit is required to install this type of gate.
