## HOW WORKS:

Using Sun Smart Technology, Daily Dose harnesses the power of the sun during the day to precisely dispense the cleaning agents of the Pure Pack directly into your pool. At night, the Daily Dose automatically refills itself and is ready for the next day's treatment. The Daily Dose works automatically with our day & night cycle.

## WHY IS BETTER:

### DAILY DOSE VS WEEKLY / MONTHLY TREATMENT:

Our patent pending Daily Dose treats pool water everyday to keep ahead of problems proactively versus, treating a problem that has already occurred.
