SandPRO™ D Series

Pool Filter Systems for Above Ground Pools

Quality filtration for any above ground pool. The ultra quiet SandPRO Pool Filter Systems feature motors with a high flow rate with lower horsepower (HP) pump – creating maximum energy efficiency.

- Powerful self-priming pump with high efficiency impeller for maximum water flow and minimal noise
- Easy to operate 4 position rotary valve (filter, backwash, rinse & winterize)
- Easy to read full size pressure gauge
- Large capacity, easy to clean hair & debris strainer basket with see-through lid
- Hose fitting adaptors work with 1-1/4" 1-1/2" & Intex 40mm hoses
- Easy DIY installation on most above ground pools

UP TO **10X**
THE PERFORMANCE
OF STANDARD POOL KIT FILTERS

UP TO **25%**
MORE ENERGY EFFICIENT
THAN ANY OTHER FILTER IN ITS CLASS

EXCLUSIVE NEW DESIGN • INCREASED PERFORMANCE

Standardized parts across filter line allow for easy replacement and service. (Tank and motor size are unique to each filter.)

- 37 GPM flow rate
- Requires 30 lbs of sand (not included)

Item 4706

Package 18.90 x 16.93 x 10.63 inches
Product 15.40 x 16.47 x 24.82 inches

Filter Parts Ask your GAME sales representative or the GAME sales team for a complete listing of parts, part kits and accessories. Listing is available on our website.

"As the owner of a pool company, I have utilized many different filters. GAME SandPRO filters have proven to be a significant part of our business for the last several years. They are a much nicer version compared to what normally comes with a Softside Pool package. I will continue to have GAME filters as part of my product line-up for years to come."

~ Larry Frank, Director of Sales
Sonoran Aquatic Supply

SandPRO™ Sand Filter Systems

SandPRO™ 50D

- 1/2 HP pump
- Pools up to 15,000 gallons
- 40 GPM flow rate
