

D.E. FILTER

J-DEQ80

// PROFESSIONAL GRADE D.E. FILTER

80 SQ FT

AVAILABLE ONLY AT LESLIE'S

Diatomaceous Earth (D.E.) filters combine the highest water clarity of D.E. with the convenient, easy-cleaning features of the removeable cartridges. D.E. is a natural substance that captures dust, dirt and debris as small as 5 microns. It also removes body oils, lotions and pollens.

This D.E. filter maximizes the useful filtration area meaning longer periods between cleaning. If properly taken care of the filter can significantly reduce water use and energy costs by using lower pump pressure.
