Jacuzzi® Professional Grade Mineral Cartridge Sanitizer Destroys Bacteria with Controlled Release Technology

## JMCS MINERAL CARTRIDGE SANITIZER

The Jacuzzi® Mineral System with Nature<sup>2</sup> Express uses minerals such as silver and copper to filter out bacteria and control algae while reducing the need for harsh chemicals that cause skin, eye irritation and unpleasant odors. The cartridge uses industry-leading technology and is guaranteed to do the job without any staining to your pool's surface. The ultimate in natural filtration, providing a safer swimming environment, free of odors and irritation.
