Premium Spring Opening Kit

18793 - Contains:

- 2 qt. Spring Stain Away
- 2 qt. Opening Algaecide
- 1 qt. Ultra Bright Advanced
- 4 lb. Chlor Brite Sodium Dichlor Granular Chlorine Pool Shock
- 1 Sun Sorb™
- FREE 10 pk. Test Strips

Premium Spring Opening Kit Instructions

(for pools up to 35,000 Gallons)

1. Add 45 oz. of Spring Stain Away and circulate water for 2 hours.
2. Add 12 oz. of Ultra Bright Advanced and circulate the water for 2 hours.
3. Add 4 bags of Chlor Brite and circulate water for 2 hours.
4. Add 2 bottles of Algaecide and circulate water for 2 hours.
5. Place the Sun Sorb™ in skimmer. Replace every 30 days.

Swimmers should not re-enter the water until the Free Available Chlorine level is between 1-4 ppm.

Sun Sorb™

Stops Grease, Grime and Waterline Scum.

Sun Sorb™ attracts up to 40 times its weight in residual sun-tan oils, body oils, grime and scum. It will not clog in waterlines.

When loaded with oil, turn Sun Sorb™ over to extend life and double the amount of oil absorption.

Replace every 30 Days

Spring Opening Instructions

Before using this kit,

- A. Remove debris and pump water from cover.
Remove cover, clean, dry and store.

- B. Clear any debris from skimmers and main drains, and fill pool.

- C. Inspect the pump, filter, and heater.
Install all drain plugs and begin filtering.
