52" POOL PACKAGE

52" WALL WITH RUGGED, BAKED ENAMEL 6" STEEL TOP RAILS AND 5" STEEL VERTICALS WITH BEAUTIFUL RESIN TOP CONNECTORS.

- o **Coastal walls** are made from heavier **copper bearing steel** than industry standards - 30 to 60 pounds heavier than the competition. Weigh the difference!
- o **Steel top rails** are made from 20 gauge steel and are sturdier than the competition – increasing the strength and lifetime performance of the pool.
- o **Steel verticals are up to 50% heavier** than the competitors. This ensures maximum stability.

- o **Compac Supports** extend only 9 inches beyond the sidewall, not the standard 36 inches used by competitors. This accommodates larger pool models in smaller backyards.
