

EVERY POOL NEEDS A CRITTER SKIMMER

CRITTER SKIMMER
WE CREATE THE OPPORTUNITY. NATURE DOES THE REST

Let's work towards a safer environment together. Be a responsible pool owner by installing a Critter Skimmer. Our skimmer lids have a ramp that attaches to a hole in the skimmer lid that small animals climb up and then escape through- returning them back to their natural habitat unharmed.

Critter Skimmer Lids Save Lives!

Make your pool safer for wildlife

Say goodbye to dead animals in your skimmer baskets! Frogs and other small animals climb up the Critter Skimmer ramp and save themselves. **YOU DO NOTHING!** Just replace your existing skimmer with a Critter Skimmer.

- Replaces existing skimmer with ease.
- No extra contraptions around pool that you could trip over.
- Water flow encourages small animals to use the Critter Skimmer.
- Creatures escape without drowning.
- Available in 3 sizes and 3 tones.
