

Rescue Klear Instructions

DIRECTIONS FOR USE:

Shake well before use. Add Rescue Klear across the pool water surface at the recommended dosage. For the best dispersion, add product in front of the pool return lines.

ROUTINE MAINTENANCE: add Rescue Klear weekly at a rate of 2 oz per 10,000 gallons of pool water.

HIGHER BATHER LOADS: double or triple doses can be used.

EXTREME CLOUDY WATER CONDITIONS: use 32 oz for every 10,000 gallons of pool water.
