

## **ELECTRIC PRODUCTS WARRANTY**

Vinyl Works Canada warrants its Electric Pool Products to be free from defective workmanship and materials for 1 year to the original owner, while subject to the intended proper and normal use. Original proof of purchase is required. These products are further warranted against abnormal breaking, peeling, flaking, rusting, blistering, corroding, abnormal weathering or discoloration. This warranty is only for the original purchaser and only applies to products manufactured by / for Vinyl Works Canada. Please note: products used on pools utilizing salt generation for water stability will not be covered for any rusting as certain components used by VWC are metal and may be affected. Salt dramatically accelerates the deterioration of all metal products, stainless included. All product warranties are subject to the specific assembly and installation of the product as specified in the corresponding installation instructions. Please read manufacturers' product instructions prior to assembly, installation and use. All instructions are packaged with the product hardware accompanying each product. Should a consumer have any questions regarding any of Vinyl Works Canada's products they should contact the customer service department immediately.
