

Navigator® Pro

AUTOMATIC SUCTION CLEANER

Programmed Pattern Cleaning

Features of the Hayward® Navigator® Pro automatic in-ground cleaner:

- Exclusive SmartDrive® — Pre-programmed steering to effectively clean any residential pool
- Advanced Suction Technology — Utilizes the pool's existing filtration system
- Silent Operation — No pulsating hoses or noisy parts, for a peaceful pool environment
- Easy to use — Connects in less than 10 minutes to skimmer or suction port

CLEANERS

High-Flow Hose

- Reduces hydraulic friction for efficient operation
- No bags to empty or replace
- Powered by existing filtration system

Hydro-Dynamic Head Design

- Designed for style, engineered for performance
- Turbine-drive system for smooth, silent operation

Vacuum Wings

- Downdraft design captures pollen, sand, twigs, leaves and pebbles

Adaptive Steering Assembly

- Guides the hose as programmed steering maneuvers the cleaner around the pool, eliminating hose tangles

Advanced Pod Propulsion

- Eliminates the need for wheels and belts
- Consistent performance and long life

Intelligent cleaning every time with SmartDrive® technology.

Exclusive SmartDrive technology makes Navigator® Pro faster and more efficient than any random style pool cleaner. Navigator Pro moves in a predetermined series of right and left turns to systematically provide more thorough coverage of your pool's surfaces. The Hayward Navigator Pro is the smart choice for all types of in-ground pools. Discriminating pool owners will value the Navigator Pro's ability to clean their pool in an intelligent manner. Compared to other suction cleaners, the Navigator Pro's technology allows for a silent operation. You can enjoy a pleasant and peaceful pool environment even when the Navigator Pro is hard at work.

Your pool is made more enjoyable with the Navigator Pro.

The Navigator Pro from Hayward gives you easy, trouble-free operation. And because it's powered by your existing filtration system, you don't have the expense of an energy-consuming booster pump. You won't waste time emptying or replacing debris bags. Getting that sparkling clean pool is easy and effortless with the Navigator Pro. When you install your new Navigator Pro as part of the Totally Hayward® System, you get the assurance of knowing you have a complete system, designed to work together for the best automatic operation and the cleanest pool possible.

ACCESSORIES

MODEL 925ADC

Navigator Pro model for concrete pools.

MODEL 925ADV

Navigator Pro model for vinyl-liner pools.

The optional Leaf Canister interconnects in-line, trapping leaves and debris before reaching your pool's filter system. Its see-through design lets you know when to empty.

The optional Skimmer Vacuum Plate automatically alternates between vacuuming the pool and skimming the pool's surface with each cycle of the filtration system's time clock.
