

ColorSplash®
— LXG-W Series

LED Multi-Color & White In-Ground Pool & Spa Lamps

Product Datasheet

RGB and White In the Same Light!

J&J's **Color Splash LXG-W Series In-Ground Pool and Spa Lamps** offer a PureWhite in addition to a variety of lighting colors and shows.

With five solid color and seven lights shows, instantly transform any pool or spa into a custom illuminated paradise. These LED Pool and Spa Replacement Lamps install in minutes and offer the ideal ambiance for playing, relaxing or entertaining, while providing immediate energy cost savings.

Advanced Micro-Processor

Hi-speed performance delivers seamless color transitions

Edison Base

Easily replaces existing pool lamps

Shown:
LXG-W Pool Lamp

Zero Pixelation Lens

Enhances uniformity of light intensity providing a richer, more even color

Wide Angle LEDs

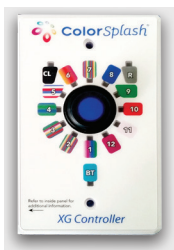

Increases light output coverage area

High Output LEDs

Optimizes color saturation and light intensity

ColorSplash® LXG-W Advantages:

- RGB plus PureWhite
- Operates effectively with most pool automation systems*
- Works with J&J's XG Controller
- Edison base - compatible with most manufacturers fixtures
- Synchronizes with J&J's XG fixtures and LXG lamps
- "Zero Pixelation" Lens
- 50,000 hour lifespan
- Reduce energy consumption up to 90% compared to incandescent
- Industry leading 3-year warranty
Quality you can rely on for years
