NOW
Even Better

ABOVE GROUND POOL FROG®

- LESS WORK WITH EASY PRE-FILLED PACS
- UP TO 50% LESS CHLORINE*
- IMPROVES SWIMMING POOL PLEASURE

*Compared to the minimum EPA recommended chlorine level of 1.0 ppm for a stabilized swimming pool.

PUT FROG® MINERALS TO THE TEST!

- Your pool will use less chlorine with far less work while still maintaining crystal clear water. That's because POOL FROG® uses minerals that make the water feel softer and look sparkling clean.
- POOL FROG®'s patented minerals destroy bacteria with a controlled release formula that lasts 6 months.
- Minerals also help keep your pH balanced by acting as a neutralizer. On a blazing hot day, dip your head under water and take a look around. You can actually see what POOL FROG®'s been doing while you've been playing—crystal clear water.

CHLORINE SUPPORT MADE EASY.

- If having fun and spending as little maintenance time as possible is your first priority, set and forget POOL FROG® with a pre-filled chlorine POOL FROG® Bac Pac inside the POOL FROG® Mineral Reservoir.
- POOL FROG® is the only mineral system with a pre-filled chlorine pac that meets the EPA requirements to lower previously approved safe chlorine levels up to 50%*.
- This is a very convenient way of reducing chlorine use and hassle. Set the dial on the POOL FROG® Cyclor and it dispenses minerals and chlorine while you and your family experience an endless summer.

MORE FUN WITH POOL FROG®

- The Above Ground POOL FROG® makes it even easier for you to enjoy your pool. The enhanced control dial allows for more precise control over the minerals and chlorine going into the pool. When it's time to replace the minerals (every 6 months or once a season) or the chlorine POOL FROG® Bac Pac (every 2-3 weeks), the cap is a snap to remove. Simply grab the handles and twist it off. And these great features add to the cool look of the POOL FROG® Cyclor.

POOL FROG®'S IN CHARGE!

- POOL FROG® knows why you bought your pool in the first place—to have fun. We know the last thing on your mind should be pool care.
- POOL FROG® gives you a reliable way to have fresh, clean, clear water in your family's pool. It's easier too, with pre-filled containers that are recycled or discarded when empty.
- So this summer, put POOL FROG® in charge and simply enjoy!

*Compared to the minimum EPA recommended chlorine level of 1.0 ppm for a stabilized swimming pool.

LONGER LASTING POOL
