For a crystal clear pool

The Mineral Pool Sanitizer

The Low Chlorine Alternative*

The Nature² System* improves water quality.

- Nature2 is an exclusive patented mineral technology[†] that destroys bacteria
- Reduces chlorine use to just 0.5 ppm. Lower chlorine levels help keep the pool pH balanced.
- Simply replace the Nature² mineral cartridge every six months for year-round water quality.

Enhanced swimmer comfort.

- Reduces potential for stinging eyes, skin irritation and unpleasant odors.
- Nature2 cartridge does not contain harsh chemical pool additives.

It's compatible.

- Compatible with most pool maintenance products.**
- Easy to install. Will not damage pool equipment.

Professional G Vessel for In-ground Pools

- Capacity** 10,000 to 45,000 gallons
- Ports** 1.5" and 2"
- Cartridge Selection** three sizes up to 45,000 gallons
- Cartridge Life** 6 months
- Cartridge flow rate** 10-18 GPM (internal bypass)
- Circulation System Flow Rate** 30-120 GPM
- Run Time** 6 hours daily (minimum)
- Dimensions** 18" x 11" x 11.5"
- Features** cartridge replacement "clock"
