## SLIDE INTO FUN

With an S.R. Smith slide you'll have a thrill with every spill. And if you're interested in having your slide blend with your pool's color scheme then be sure to consider our line of roto-molded slides (Cyclone, Typhoon, TurboTwister). Our roto-molded designs offer a wide variety of colors and textures that blend nicely with today's pool decor.

## SAFETY BUILT-IN

All of our slides fully comply with the U.S. Consumer Product Safety Commission's Safety Standard for Swimming Pool Slides, (16 CFR 1207). Whether it's our enclosed ladders, easy-to-grip hand rails or our nonslip treads—Safety is engineered into every one of our slides.

## SALT POOL FRIENDLY

We know pool builders and consumers alike enjoy the benefits of salt chlorinator systems—that's why we've designed a line of products that perform well in salt pool environments. Our Salt Pool Approved icon is your visual assurance that the most durable and salt friendly materials have been used in manufacturing.

## contemporary

### TurboTwister

Standing over 8' tall with multiple twists and turns, the TurboTwister offers big thrills for pools with ample deck space.

### Typhoon

This slide stands over 7' tall and offers sliding fun for today's smaller pool deck spaces.

### Cyclone

The Cyclone slide is perfect for limited deck space. Standing just 4'1" tall, this slide is big fun for kids!

## classic

### RocketRide

This low-profile slide fits virtually any size pool and comes with an economical aluminum ladder.

### AquaBlast

This slide offers the same great flexibility and fun as the RocketRide but comes with a matching enclosed ladder.

### Rogue GrandRapids™

Our Rogue is a large, 7' tall slide that offers big fun at a reasonable price.

commercial

**Vortex—closed or open flume**

Go high-end residential or crossover to commercial applications with this new multimarket slide. This open or closed flume slide is available with a ladder or staircase design so you can customize to fit your application.

**Swim Club II**

This durable slide with its stainless steel legs and heavy-duty acrylic runway make it an ideal choice for commercial aquatic facilities.

custom

**BigRide**

Get ready for big fun with this oversized slide runway. Simply build the flume into your design and you're ready to go with your own custom slide.
