

# WHISPERFLOXF<sup>®</sup> HIGH PERFORMANCE PUMP

The most energy efficient pump in its class

# ALL NEW

## FROM THE INSIDE OUT

NEW upgraded dual-compartment motor allows simpler electrical installation

Diamond seals made of oxidation-resistant EPDM rubber for longer-lasting, leak-resistant performance

Now there's a pool pump for demanding high-capacity applications that's energy-efficient, whisper-quiet and dependable: the new WhisperFloXF® High Performance Pump.

## DRIVEN BY NEW IDEAS

Our engineers left the old assumptions behind. Calling on the latest computer-aided engineering tools, they developed a proprietary design that was completely rethought from the inside out. They achieved a level of streamlined fluid flow and precision manufacturing that simply wasn't possible in the past. And when their work was done, they had created the all-new WhisperFloXF pump—the most energy-efficient pump ever offered in its class.

## THE POWER TO DO MORE

The new WhisperFloXF pump is the most efficient, technologically advanced WhisperFlo® High Performance Pump we have ever manufactured. With outstanding performance from both a maximum-flow and mean-flow perspective, it's an ideal choice for commercial pools, as well as residential pools with waterfalls, slides and other water features.

Extra-large basket needs less emptying; smooth surface allows easy debris removal

Proprietary hydraulic isolator satisfies the competing priorities of smooth priming and optimally efficient operation

## HIGH CAPACITY MEETS HIGH EFFICIENCY

With half a century's worth of dependable service to their credit, Pentair® pumps have been the first choice for over two million pool owners. Now the new WhisperFloXF pump—the most powerful and energy-efficient WhisperFlo pump in Pentair history—continues the tradition of installer-friendly design and hassle-free service life.

- New union connectors included—connects directly to 2.5" or 3" plumbing.
- Drop-in replacement for all WhisperFlo pump models. Simple replacement for Challenger® High Pressure and High Flow Pumps.\*
- See-through lid makes basket inspection fast and easy.
- User-friendly Cam and Ramp™ Lid removes easily and locks in place quickly with a quarter-turn.
- External port threads and included tool-free unions require only hand tightening for a perfect fit.
- Easy-carry handle is a back-saver at the equipment pad.

\*Riser base required for Challenger pump replacements—Part # 400012 available separately.
